F. B. I. To Start School For Law Enforcement Men

Program Beginning Feb. 12 In City Hall To Include Area Officials

Area law enforcement officials will attend a Federal Bureau of Investigation school here which will begin February 12, according to notification received by Chief Charles Goodlett this week.

The school, which may become a permanent program here, was authorized through the F. B. I. Miami headquarters as reported by E. D. Mason, special agent in charge.

Classes are scheduled in the city hall every Monday in the afternoon from 1 to 5 and in the evening from 7 to 11, according to the program.

Afternoon and evening classes will cover the same material to enable all members of the police force to attend.

The first series of studies will consist of 12 courses, according to Chief Goodlett. Subjects of the first course will be announced, but the second one will cover public relations instructions.

A different F. B. I. instructor will be in charge of each course. Agent L. Du Bois, Jr., will be the first instructor, according to F. B. I. notification. Classes began in West Palm Beach last month and through the efforts of local law enforcement officials, the program is starting here. If the group attending is large enough and the interest show is great enough, the school will become permanent, Goodlett says.

Officials from Pahokee, Belle Glade, South Bay, Clewiston and Moore Haven are eligible to participate in the program. Those interested in enrolling or in further information should contact Chief Goodlett.

F. B. I. authorities hope to include as many officials as possible in the school and they urge those in this vicinity who can, to take advantage of the program.

Enrollment of local officials is complete due to the repeat attendance and evening courses, Goodlett reports.

TAX DEPUTY TO BE IN CITY HALL FEBRUARY 23

Deputy from the Internal Revenue office will be here February 23 to assist the collector in preparing 1950 income tax returns, according to John Fahs, Collector of Internal Revenue.

He will be in the city hall between 9 a. m. and 5 p. m. Individuals are urged to have income and deduction figures assembled to facilitate calculation of taxable income.

A representative will not be in town again for current income tax assistance before March 15, but the West Palm Beach office, 601 Guaranty Building is open every day from 8:30 a. m. to 5 p. m. except Saturday and Sunday, Fahs announces.

All persons having a gross income in excess of \$500 must file tax returns on or before March 15.

A representative from the office county, county supervisor is also scheduled to be in the city hall February 21 from 10 a. m. until 4 p. m., according to James Owens, Jr., county tax assessor.

Shootin' Blanks

By Paulette

Police men are handing out seeds of ticks lately. For ticket pay off, the holder must appear at the dance scheduled March 10 at the Municipal Country Club sponsored by the department's Benevolent Association. Tickets can be purchased from any department member.

Joe Horne and his five piece orchestra is supposed to furnish inspiration for the light festivity. What a wonderful idea for a fine.

I received one of the rare letters from the people this week. I say rare, for in this section the public don't seem inclined to express themselves.

POLICEMEN ORGANIZE BENEVOLENT ASSOCIATION

Members of the newly formed Policemen's Benevolent Association formed the organization charter and elected officers at a recent meeting. Officers are: president Chief Charles Goodlett, vice president, Bob Newman and secretary treasurer, Mrs. Loretta Reeves. Also on the board of directors are A. Condit and Hilton Bonard.

Attorney E. F. Allen attended the meeting and advised the membership on legal aspects of the charter which has now been signed by all the members. Police Commissioner Walter Ashley also attended.

The organization is organized for the benefit of the police department and the public, according to Sgt. Funk. The group will sponsor a dance on March 10 at the Municipal Country Club as its first activity. Proceeds will go toward purchasing needed department equipment.

Grider Declares Go-To-Church Sun.

Mayor W. F. Grider has issued a proclamation declaring Sunday "Go To Church Day."

On request of The Everglades American Legion Post, 10, Legionnaires and the public are urged to go to their churches where special prayers for peace will be given, according to R. Y. Creech, Jr., post commander.

Special prayers will remember the anniversary of the sinking of the U. S. Army Transport, "Dorchester." Four chaplains representing protestant, catholic and Jewish religions died heroically in the tragedy.

The local Everglades Post 20 joins other state Legion posts in the commemoration.

MARCH OF DIMES DRIVE POSTPONED TEMPORARILY

Local "March of Dimes" drive has been postponed temporarily due to conditions here, according to Ray Whitlock, drive chairman.

After a discussion this week Whitlock and Earl Gardner, county chairman, decided that the drive which is scheduled for this period should be postponed until the latter part of February or the first of March.

John J. Bender of the U. S. Treasury is due to the present economic picture in this area.

All drive arrangements including movie scripts are being held up, Whitlock says.

James Ball Jr. Wins Honor At Florida State College

James Ball, of Belle Glade, has recently been elected Vice President of the Gamma Eta Chapter of Kappa Alpha Fraternity at Florida State University in Tallahassee.

News of Glades Boys In The Service

and has served in the South Pacific since that time. He left Belle Glade High School after his sophomore year and while stationed at Guam attended a course and completed his high school education.

He is the son of Mrs. Jack Brown, formerly of Belle Glade, now living at Fort Benning, Georgia.

Henry Feas Takes Naval Training At Great Lakes

Henry C. Feas, seaman recruit, USN, son of Mr. and Mrs. B. F. Feas of Belle Glade is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Illinois.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of the Naval service.

In the course of his training the recruit is asked to learn the recruit's service, either to units of the Fleet or to a service school for specialized training.

Through Traffic Jumps Due To 441 Officials Report

Route Association President Estimates 100 Per Cent Increase Here

Recent increase of an estimated hundred per cent in tourist traffic through the city is directly traceable to the newly designated federal highway 441, according to Henry O. Earwood, president of the highway association.

The highway was promoted originally and pushed to completion by the local chamber of commerce.

Efforts are being made by the recently formed association to enlist other agencies dealing with the traveling public in the program to publicize the new route.

The route association, including representatives from the highway towns, has held several organizational meetings and at one several weeks ago Earwood was elected president and W. F. Crider director from Belle Glade. Both men are chamber of commerce directors.

A highway membership drive, which is under way now for the purpose of acquiring funds for publicizing the route and placing specially designed highway signs at important points.

Director Crider reports that already \$400 has been collected in this area. The amount exceeds the local quota.

An important program phase now is to attract people with the round steak part of the drive.

RAMS HOLD TOP SPOT IN SUNCOAST LEAGUE

The local Rams maintained their place in the Suncoast League Tuesday night when they broke loose in the third period to defeat Stuart's Tigers, 40-30.

Saturday night the Rams will encounter the Key West team, which is the league's top team. Scheduled are home games Tuesday with Ft. Pierce and Feb. 9 with Lake Worth.

The local team played thirteen games, the Rams held a 17-13 halftime lead, but came out in the third to score 14 points while Stuart could account for only three.

Alvin Leathers tallied 15 for the Rams, while John J. Bender of the Tigers accounted for 17 points, taking top score honors for the night.

The Stuart team also won 45-22. Suncoast League standings are:

Team	Wins	Losses
Belle Glade	3	1
Verde Beach	3	1
Lake Worth	5	2
St. Petersburg	2	2
Seacrest	4	3
Stuart	2	4
Pahokee	6	1
Clewiston	0	6

Pat cattle, plenty of good steers, has just bought some of the fat stuff. W. P. Hill is buying contentedly around the forequarters of the brindle.

Buster Ingram and a Judd Grant seem to have troubles, while "Boss" Cliff Green is just a looker.

In the line right George Young, manager is gleefully checking the automatic scale at \$240 for the ten, while auctioneer Cooper and his assistant Mrs. Johnnie Davis of Pahokee, seem pleased over the results.

Glades Is Tinder Box, Fire Chiefs Report This Week

"The Glades is a tinder box," says Guy D. Bender of the Everglades Fire Control pointing to numerous fires recently caused by the extreme dryness here.

Assistant Fire Chief Bob Bair of the City Department varies the condition stating that during the last month the department has fought 12 fires and several muck flames within the city limits.

The Everglades Fire Control has been working around the clock fighting grass and muck fires in this district. Bender says. He cautions the public against throwing out lighted cigarettes. Bender and Bair emphasize the importance of people complying with the law and obtaining permits for burning in and out of the city. These fires can get out of control very easily and quickly, they say, with everything so dry.

Numerous small fires marking the departments' books point out this danger.

A fire occurred Monday about 4 p. m. in the colored residence of Frances Gilchrist, 716 S. W. Ave. B. Place.

Caused by improper wiring the fire gutted the main house and a near by garage apartment and a car within. The structures, partially covered by insurance, were a total loss. The owner was visiting across the street when the high flames were noticed.

The department answered a call about 9:25 Sunday morning on a small fire in Simon Mason's service station in the packing house section. The damage was slight, according to department reports.

A grass pasture fire got out of control Tuesday endangering all residents in the north-east section of town, according to Assistant Fire Chief Bob Bair. The Everglades Fire Control and the local fire department battled it for three hours before bringing it under control.

INDEPENDENTS DEFEAT PAHOKEE TEAM 91-72 IN BASKETBALL

The Glades Independents kept a steady lead to defeat the guest Pahokee team 91-72 in a basketball game in the high school auditorium Saturday night.

Never losing the lead although tied by Pahokee once in the third quarter, the local team was sparked by Bobby Farmer, Eddie Crosby and Hubert Anderson. Farmer accounted for 24 points, Crosby for 20 and Anderson for 16. Two guards, D. C. Nelms and Joe Jones, also did outstanding playing.

Phillips and Hatfield accounted for most of Pahokee's points.

The Independents schedule an out-of-town game with Stuart.

The blaze occurred east and north of N. E. 3rd Street.

Produce Shipment Continues Climb

Produce shipment is beginning to reach a normal flow for the first time this season. According to a local produce man, the Glades are facing very nice prospects if the pending cold spell should miss the area.

Celery and escarole head the heavy movement list with the former selling for \$2.50 to \$3.50 and the latter for \$1.25 to \$1.50 on Thursday. Other prices were: beans \$4.50 and \$5 on Valentine, radishes increased from 65 cents the first of the week to \$1.25 Thursday, Chinese cabbage \$1.75 to \$2.25.

Experiment Station Green Houses To Boost Virus Research In Plants

New modern green house facilities, under construction at the Everglades Experiment Station will bring further development in a phase of investigation which can mean thousands of dollars savings to farmers.

The prefabricated glass houses will be used for the specialized study of plant viruses under the direction of Dr. W. N. Stoner, assistant plant pathologist.

Different viruses attack almost every kind of plant and can account for the loss of half the income from a crop within ten days, Stoner says.

"If we cut down the incident as much as ten per cent, this will mean plenty of money in pocket for farmers," Stoner emphasizes.

Describing the new type glass green houses and adjoining head house for equipment as essential tools, Dr. Stoner points out that these will furnish the necessary isolation in his studies and tests. His work will be done in three separate

The market was dominated by 105 feet steers which sold for an average of \$30.20 cwt. or \$283.81 per animal.

Demand for stocker cattle was also strong Monday, but the few animals offered were mostly of low grades as follows: 20 to 23; medium heifer, 28, inferior calves, 28 to 30 and inferior stocker bulls 24.

Approximately 75 more fat cattle are booked for sale at the market next week, according to Manager George Young.

Stuart tonight, and February 10 Stuart will play a return game here.

Part of the Palm Beach County public school system, the building is estimated at \$50,000 for replacement cost. The loss was partly covered by insurance, reports say.

Conspicuous recreation hall and other public buildings will be used as temporary school facilities for the remainder of the current year, under tentative plans.

Grand championship honors went to Henry O. Partin and Sons of Kissimmee, with two offspring of the Partins' famous title "Emperor," taking the top honors as judged by Dr. J. C. Miller of Texas A. and M. College. "Horizonto Emperor" was grand champion bull also senior champion while "Miss Engender" or MM 119th was grand champion female, also senior champion.

Norris Cattle Company of Ocala took both reserve championships, with "Sir Tim 47" named reserve grand champion bull, also junior champion, and Hector Supply Co. is sponsoring the jake box.

Glades Livestock Receive Awards At Southeastern Show

A. Duda and Sons and the U. S. Sugar Corporation of Cleveland received first prize ribbons for the calves entered in the Southeastern Fat Stock Show and Sale held in Ocala recently where more than 150 hump-backed Indian cattle were displayed.

Grand championship honors went to Henry O. Partin and Sons of Kissimmee, with two offspring of the Partins' famous title "Emperor," taking the top honors as judged by Dr. J. C. Miller of Texas A. and M. College. "Horizonto Emperor" was grand champion bull also senior champion while "Miss Engender" or MM 119th was grand champion female, also senior champion.

Norris Cattle Company of Ocala took both reserve championships, with "Sir Tim 47" named reserve grand champion bull, also junior champion, and Hector Supply Co. is sponsoring the jake box.

The ladies golf group is now meeting at the club every Friday noon. Ziemann is sponsoring a short golf clinic for the members at each meeting. Last week, the group was instructed in sand traps and chip shots. The lesson today will be on irons.

Local Logisticians Join Streamlined Reserve Unit With Headquarters In WPB

HOME EC. STUDENTS GET CERTIFICATES FROM HONOR NURSING COURSES

Members of Mrs. Hazel T. Litchfield's home economics class of the high school recently completed home nursing course and mother-baby care courses.

Miss Elizabeth Smith, Red Cross director of home nursing, instructed the nursing course and Mrs. Lloyd Clinton, local nurse, taught the mother-baby care program. Mrs. Bodensieck spoke on "Boy, Girl Relationships" and answered questions from the audience on the program.

The home nursing program included details on care of the sick in the home and on how to make patients comfortable. Mrs. Litchfield reports. The mother-baby care course consisted of before and after birth care of the mother and care of the child from birth to school age.

Modern soldiering includes front-line trigger-pullers who have the utmost respect for "S-1, 2, 3, and 4" because "S-1" means boys that get the ammunition where it should be when it should be; they're the ones who see that communications are available all the time supporting army. These modern boys know that it takes a team to deliver those bazooka volleys, the automatic rifles, the supporting auxiliary arms of a division and the heaviest clearing the way.

These boys also have something to do with "intelligence," which tells the boys how many and what kind of enemy to

Local Fire Dept. Stands By Fire At Pahokee Camp

Under the Pahokee, Belle Glade Mutual Aid Agreement, units of the local fire department stood by Monday when the Everglades Colored Migratory Labor Camp school building was threatened by fire before the Pahokee fire department could arrive.

Although the agreement, nothing new and has existed for several years, as perfect understanding is being perfected. Work on the agreement is progressing now under the local defense program.

Pahokee fireman fought the blaze of unknown origin with equipment for four hours before bringing it under control. The fire started in the northwest corner room about 10 p. m. and spread through the attic, according to reports.

According to Pahokee Fire Chief, Marvin Lewis, it was difficult to fight.

Part of the Palm Beach County public school system, the building is estimated at \$50,000 for replacement cost. The loss was partly covered by insurance, reports say.

Conspicuous recreation hall and other public buildings will be used as temporary school facilities for the remainder of the current year, under tentative plans.

Weekly Training Schedule To Begin First Week In February

Some military wit has said that an army "marches on its belly," but he didn't know about Korea, the Bulge or Normandy, or North Africa as did the military forces of what is commonly known as World War II; the army moves now on "logistics." "SOS" in World War II's army meant any help man soldiering when used by the ordinary Geyser—the term was intended to carry the meaning of a sweet scented slicked-up desk soldier in the Service of Supply.

Modern soldiering includes front-line trigger-pullers who have the utmost respect for "S-1, 2, 3, and 4" because "S-1" means boys that get the ammunition where it should be when it should be; they're the ones who see that communications are available all the time supporting army. These modern boys know that it takes a team to deliver those bazooka volleys, the automatic rifles, the supporting auxiliary arms of a division and the heaviest clearing the way.

These boys also have something to do with "intelligence," which tells the boys how many and what kind of enemy to

The 131st Logistic Command—A, with Colonel Henry, as top brass has his headquarters in West Palm Beach. Headquarters Company of this Command is its headquarters at Belle Glade with 1st Lieutenant Emmett Roberts in charge; Lieut. George Wedgworth is Executive Officer, and Lieut. Gilbert W. Adams is Motor Transportation Officer; Corporal J. J. Harris is sergeant; 15 enlisted personnel. Other members of the listed personnel are from Glades, Hendry, Martin and Volusia counties.

Captain Doug Woodman reports to Belle Glade each Wednesday night for training, at Ocala Recreation Hall.

Capt. Sid Smith, Jr., is attached to Headquarters of the 131st Logistic Command, as is Lieut. Bob Wyckoff. Private John Adams of Clewiston is Major Adams of the Chaplain Corps and assistant chaplain.

Lively, stern-visaged banker of Belle Glade is Captain Lively Assistant to S-4, intelligence, who is to study the boys becomes Major Pickett, Post Engineer in the Command.

This reserve unit is the only one of its kind in Florida, and Palm Beach county is lucky to have secured it. The boys have to study to go to school, a training routine, them for the time when Uncle Samuel sends "Greetings."

This logistic unit is the size to provide for services to a division.

Other local boys, one at a time, are receiving warnings from Uncle Samuel.

The United Nations may not be long.

THE TRAILER STORY

A situation mentioned by a passing tourist several weeks ago, has brought to light many additional implications in a local condition.

A tourist from Canada stopped at the chamber of commerce following a night in a local tourist camp and registered a complaint on the conditions there.

The city inspector informed investigators that action was being taken on the camp and that improvements are pending. But the cycle revolves again. Camp owners informed sources that there is little incentive to fix up a commercial park here as trailers are permitted to park anywhere in the city.

Examination of the city and zoning ordinances concerning trailers shows that the city is wide open to trailers from a residential to F Industrial. But the picture is not as serious as it looks, city inspector N. B. Willis explains.

Actually the ordinance requires that a permit to erect a trailer park (which can consist of one trailer) be accompanied with signed approval of 80 per cent of the land owners within 300 feet of the proposed camp site.

According to Willis, this provision goes a long way in eliminating trailers within the city limits especially in high zone areas.

Trailers must be in licensed trailer parks unless the occupants plan to remain only for five days or less.

Trailer parks, however, are not defined in the ordinance; consequently, they can consist of one trailer if the owner purchases a yearly license from the city and complies with the other requirements.

According to the city inspector, the state has made little provision for restricting or regulating trailers which come under jurisdiction of the commissioner of agriculture instead of the State Hotel Commission. If municipalities do not provide for regulations on trailers they will operate practically outside restrictions.

The city safety and sanitary code applies to trailer parks as well as to rental units, and Willis checks the parks under the code.

It is up to the zoning board, however, to restrict trailers to certain specified areas.

Under the zoning ordinance, the board is permitted the "powers to grant permits for the erection of trailers and other camps but before the permit is granted, a plan of the camp grounds and buildings showing landscaping shall be submitted to all land owners within 300 feet of the proposed camp area for approval. Written approval of 80 per cent of land owners within 300 feet of camp shall accompany application before the permit can be granted."

A city ordinance states that "no person shall be permitted to occupy a trailer which remains on the premises for more than five days in any six months period and parking of more than one is prohibited."

These two provisions stated above make up the story of trailer regulations in Belle Glade.

FARM SAFETY IS SAVING LIVES

The annual survey conducted by the Florida Safety Council of farm accidents and fatalities shows a reduction in 1950; 2 less were killed and 200 less accidents.

The farmer instead of being injured in accidents on the farm is becoming careless on the streets and highways which result in death and injury of many farm families, they are not as careful away from home as they should be.

"The Safety on the Farm Program" inaugurated in 1938 by Com. Mayo has spread over the nation and has been the saving of many lives and improved farm conditions.

17 persons lost their lives on the farm in 1950—fire in the homes and coming in contact with electric wires were the causes of five of these fatalities, in addition to tractors overturning, as well as a number of children and grown-ups diving in shallow water.

The cooperation of all state farm agencies in the "Safety On the Farm Program" has certainly done much to remind the farmer of the need of caution and carefulness in the home and on the farm—Dept. of Agriculture Inspectors, the Extension Service, Vocational teachers, the press and others have done much good.

Rural electrification, the telephone and paved roads have brought the farmer closer to the city and its conveniences, yet, the farmer is still his own doctor, engineer and mechanic and is doing everything he can to protect his family, worker and equipment.

Safety is paying big dividends to the farmers in increased production and health—his motto is always "SAFETY."

School News

By Lucy Mathewson

Picture
The members of the P. E. O. Club brought to the school a movie of Cotley Jr. College in Nevada, Missouri. Also a woman representative from that school was present to explain the films. All Junior and Senior girls saw this movie.

The college campus was very pretty, as well as the buildings, swimming pool, recreation lodge and lake. It is an accredited school and offers many subjects. The enrollment fee for a year of room and board

Trudi, Margaret Mathewson, Hop, Freddie Stevens; Ugly, Charles Newman; Sue, Betty Bearden; Hotchkiss, Ross; Winnie, Supolin; Marlene Walker; Madame Gossipilla, Kathryn Cook; Dr. Jonesby, Broward Lott.

Play practices for the week will begin shortly. It will be under the direction of Miss Martin.

Annual Staff
The staff is meeting regularly and busily to work on the annual staff, things seem to be progressing very well. The last of the superlative pictures were made Tuesday and the other pictures will be finished as soon as possible. Band pictures were taken after school Tuesday. Various pictures have already been taken and most of them are very good.

Radio
The speech class will be guests of the radio station W. S. W. N. from 4:00-5:00 p. m. each afternoon. Each member of the class will be on an hour program called the jukebox. Perhaps a group of two persons will be on each program. They will play records of their choice and of latest interest. This chance for the speech members was donated by the station under Tom Watson's supervision. After the speech class, another group may be selected.

F. H. A.
All Future Homemakers girls are leaving for Tampa this weekend to attend the Big State Fair. Several meetings have been held to plan this trip. The girls are anxious to look forward to the trip.

Dances
Just as a reminder to all the guys and gals, don't forget the dances at the Country Club every Friday night. Music is furnished by the jukebox and, cookies, candy, etc. are sold. Ping Pong tables are at the back porch and there's lots to do. The girls are anxious to go. Remember to be there to-night.

Shirley Connell Names Her Wedding Attendants
The marriage of Miss Shirley Connell, daughter of Mr. John McKenzie to Robert Earl Mathews Jr., son of Mr. Robert E. Mathews of Fort Lauderdale, will take place February 10, 11 a. m., at the Community Methodist Church, with a reception immediately following at the McKenzie home.

Miss Connell has chosen her attendants as follows: Matron of Honor, Mrs. William McKenzie; Maid of Honor, Miss Barbara Hayden of Fallsberry, Md., student at Vassar College; Bridesmaid, Nancy Cronin, student at Florida State, Tallahassee; Joan Carwell of Jacksonville, recent graduate of Stetson; Miss Linda Sue Connell, sister of the bride-to-be will be Junior bridesmaid and Cherry Jean Bridges, her cousin, flower girl.

William McCleathie will serve as best man, Ushers are Roy Royals, and Billy Joe Leathers, Belle Glade; John Bishop, Vero Beach; Edmon Mackelack, Fort Lauderdale, all students of Stetson University.

High score was won by Mrs. Frances Harris, second, Mrs. Rhudy Faulk and low, Mrs. Jack Thorne.

Other guests were: Mrs. L. Wright, Mrs. Robert Cameron Jr., Mrs. J. L. Gay, Mrs. Luther Jones, Mrs. Jack Ballard, Mrs. F. R. E. Hotard, and Mrs. A. F. Hopson.

BETA SIGMA PHI GIVES DANCE PROCEEDS TO MARCH OF DIMES DRIVE
A dance sponsored by the local chapter of the Beta Sigma Phi society Saturday night in the Legion Hall, launched the "March of Dimes" drive in the area, according to Mrs. Rosa Nash, dance chairman.

Net proceeds, which will go into the drive, have not yet been determined, Mrs. Nash says.

Approximately 75 couples danced to the music of Bill Boston and his orchestra from West Palm Beach.

The event was promoted by the society ways and means committee of which Mrs. Louise Kirkman is chairman.

Methodist WSCS To Hold World Day Of Prayer Service February 8th
The Woman's Society of Christian Service of Community Methodist Church will observe World Day of Prayer with special services at the church from 10:00 a. m. to 2:00 p. m.

All members are urged to attend.

Rudiments Of Cooking Current Badge Project For Girl Scout Troop
Play practices for the week will begin shortly. It will be under the direction of Miss Martin.

Plans were made for a camping trip in the near future at the regular meeting of Girl Scout Troop 3, last Tuesday afternoon at the Scout Hut.

Group leader, Mrs. W. A. Wooten, conducted a class in the rudiments of cooking, which is the current badge project for the troop.

Girls attending were: Betty Jane McDonald, Shelby Jean Clemmons, Shirley Spike, Velma Warren, Kay Young, Peggy Seiman, Norma Neil Stirling, Mary Lou Whidden, Carol Niel Van Landingham, Betty Seale, Sue Van Landingham and Wanda Brent.

Baptists Will Observe World Day Of Prayer
The First Baptist Church will be open all day February 9, from 7:30 in the morning, in observance of World Day of Prayer, according to the Pastor, Reverend Wade H. Griffin.

Scriptures will be read all thru the day. Parents and friends of Service men may bring flowers which will be placed in front of the rostrum and taken to the Belle Glade hospital at the close of the day.

Beginning at 7:30 in the evening, special prayer services will be conducted by the pastor.

Churches of Christ, Scientist
Despite world upheaval, a knowledge of the all-powerful, loving God, who created man, is to God as Love gives assurance. This fact will be stressed at Christian Science services next Sunday, when the Lesson-Sermon is entitled "LOVE."

The Golden Text is from Zephaniah 3:17: "The Lord thy God in the midst of thee is mighty; he will save, he will relieve thee with his joy; he will rest in his love, he will love thee with singing."

Readings from the Bible include: "And we have known and believed the love that God hath to us, God is love; and he that dwelleth in love abideth in God, and God in him" (1 John 4:16).

The following is among corrective passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "For true happiness, man must harmonize with the Father, the divine Love; the Son must be in accord with the Father, in conformity with Christ" (p. 327).

STOCKMAN BOWLING TEAM RANKS TOP IN LEAGUE

Richmond's men bowling team maintained top position in the league by defeating the Stockman team of Clewiston last night. The team won 3-0 in a three straight match before.

Veterans of Foreign Wars team defeated the Garrett team of Clewiston two out of three in Monday night's play.

The Richmond team set a new pace Monday when it broke the prevailing bowling tide. It totaled 945 pins, and Louis Kelso achieved high of 247 for a single game and set a new high in three game score with 692 pins.

The Graber team rose to third position in the league when it defeated the Garrett team of Clewiston three straight games Tuesday night.

ARTIST TO SPEAK AT ROTARY MEET TODAY

Russell J. Conn, an artist and past district governor of Rotary, will speak before the local club today at the 10:30 a. m. meeting at the Rotarian Club in West Palm Beach and the work of an artist.

Dick Townsend spoke last week on his vacation, plant pathology, before the group.

ACADEMY OF SCIENCES TO HAVE PROGRAM HERE

The 52nd round table discussion program of the American Academy of Sciences is scheduled here Thursday night, 8 p. m. in the library building.

Under the direction of Dr. M. M. Luba, general president of the academy, and Dr. Margaret M. Luba, secretary, the academy, a research membership organization with national headquarters at West Palm Beach, the program coordinator will open the floor to the discussion on any subject accepting politics and religion.

Proceeds of a free will offering will be split between the academy and the local library for the purchase of new books.

Rev. W. Griffin Atkins, Training Union Rally

Reverend Wade H. Griffin, pastor of Belle Glade First Baptist Church, attended the Association of Officers in Lake Wales Thursday.

The rally was composed of the officers of the different associations in the District Association on Officers and of the Southern Baptist Convention Training Union Department.

Reverend Griffin is associate director for the Palm-Lake Association. Reverend Smiley of Lake Harbor Baptist Church and Reverend James H. Purcell of South Bay also attended.

SHOOTIN' BLANKS Continued From Page One

In print. The letter in question was addressed to a gentleman but I received it just the same. I presume the author would very graciously consent to change the salutation to "Dear Lady" if he knew me.

He requested that his notice appear on the front page so I am putting it in this column in compliance with his wishes.

Termining himself a "Proud Citizen" the writer opposed strenuously to what he considered a ridiculing comment on the local police department at recent public program here. He pointed out the following joke which was part of the program:

"A mother asked her boy if he would like to go to college. He answered that he would rather get on the Belle Glade police force. The mother asked why, and he replied "Because it doesn't take any brains."

The belief that our police force should be held most in esteem is commendable on the part of the writer. Although I was not present at this program, I feel that if anybody is big enough to take a little good natured ribbing, they are.

Wages are frozen, prices are frozen and more Glades vegetables will be frozen if the weather report is as of Thursday afternoon is right. It's just one big freeze.

There's always a solution for even the worst situation say optimists to those uttering the words "yet to come."

The following article offers advice toward obtaining what is termed the more abundant life.

Once upon a time there was a farmer who raised two chickens, took them to a City

Man, and with the proceeds bought two shirts. So that the Farmer had two shirts and the City Man had two chickens. Observing the transaction, a Planner told the Farmer he could get more money for his chickens by making them scarcer. If he didn't raise so many he would get more for those he did raise. This was the idea that the City Man got. He also told the Farmer that he must work fewer hours and get more for his labor. This was the idea that the City Man got. He also told the Farmer that he must work fewer hours and get more for his labor. This was the idea that the City Man got.

Mayor W. F. Crider is director of the Civil Defense Council on request of T. R. Allen, deputy director of operations, closed the water plant to the public last week declaring a state of emergency.

There'll be no arsenic and old lead floating in the Belle Glade River. Although the possibility is prevalent in most of the other city supplies in the nation, it isn't here.

901 N. W. LAKE ROAD

BELLE GLADE, FLORIDA

SOUTH BAY BEAN CITY LAKE HARBOR

S. J. Fisher is convalescing from a recent heart attack at his home following a three weeks hospitalization at the Belle Glade Hospital.

Janice Thomas of Lake Harbor and Barbara Jean Willis attended the County 4-H Club Council in the Court House Kitchen, Saturday. They were

accompanied by Mrs. E. M. Willis, Johnnie and Joan. Mr. and Mrs. J. H. Livingston have moved to South Bay from Zellwood and are occupying the Keene cottage. He is employed at the Arthur Wells Farm at Bean City.

R. S. Donaldson of Clewiston spent the week end in South Bay visiting Mr. and Mrs. S. R. Eckman and other relatives.

Mrs. Anna Keene, principal of the Belle Glade Elementary School was the week end house

guest of Mrs. Verda Higgins-bath.

Mr. and Mrs. M. J. Waters and children, Mr. and Mrs. O. P. Register enjoyed Sunday outing at Orlinda Locks.

Mrs. W. H. Thomas Sr. of Thomasville, Ga. arrived Sunday for a visit with Mr. and Mrs. Walter H. Thomas Jr., Margaret and Jo.

Mr. and Mrs. Byrd Pullum of Hobe Sound visited their nephew, T. L. Driggers and family Sunday.

Mrs. C. E. Crichfield entertained at dinner Thursday evening honoring her husband on his birthday. Guests were Mr. and Mrs. Mark Challinor, Mike, Jimmie and Vicki, Mr. and Mrs. Alfred Vanders, Karen and Kuroi. The evening was spent pleasantly in playing Canasta.

Mr. and Mrs. Clifford Wiley of Big Springs, Texas visited Mr. and Mrs. B. M. Fender the first of the week. The two families were close friends in Arkansas in their younger days but had not met in 25 years.

Ray Hardy was home from

Symptoms of Diarrhea Arising from

Herald Bldg. Dial 2110
Belle Glade, Fla.

the army on a five day furlough last week. He is in the Field Artillery and has been stationed at Ft. Jackson, Ft. Bliss and El Paso.

George Murphy spent his between semesters vacation from the Palm Beach Junior College with his parents, Mr. and Mrs. W. N. Murphy.

Mr. and Mrs. Thomas E. G. Dean of Lake Worth announce the birth of a son Randolph Elmo on Sunday, Jan. 14 at Dr. Brantley's Hospital. The infant is the grandson of Mrs. E. L. Stevens of South Bay, Mr. and Mrs. Angelo Mesa of Fuchia, Colo.

Mrs. L. L. Simmons was called to Fort Myers last week by the death of her stepmother, Mrs. Emory L. Elliot.

Chief of Police R. C. White is expected home from the Belle Glade Hospital this week convalescing from a recent major operation Police Commissioner J. H. Hardy is acting police during his absence.

Horace Floyd, of the Sunny South Quartet of Lakeland, Frank Sikes, Johnny Reid, Donald Stringfellow and Don Ritter, all of Lakeland were the week end house guests of Mr. and Mrs. T. L. Driggers and attended the County Singing Convention at Canal Point Sunday.

John J. Conger of Roanoke, Alabama arrived Friday to visit his daughter Mrs. R. C. White.

The South Bay 4-H Club will hold their local mid year Achievement Day program and Exhibit on Thursday at the school cafeteria.

Aubrey McAllister has returned from Ashburn, Ga. where he visited his grandmother Mrs. J. H. McAllister and other relatives and friends before leaving for service in the Army.

Mrs. Peacock Has Party For Daughter's Birthday

Mrs. Calvin J. Peacock of South Bay entertained a group of children and their mothers at a party in honor of the fifth birthday of her daughter Anita Friday afternoon.

Decorated cup cakes and hot chocolate was served to Bertram and Bryant Davis, Connie White, Dick and Doris Willis, Susan Allen, Norma and Gladys Dalrymple, Richard Herring, Linda Fisher, Ginger and Janet Crichfield, Cherry Hardy, Sharon Roberts, Wayne Partin, Sharon Wilder, Frances Hall, Skipper, Anita and Jerry Peacock, Mrs. Bel White, Mrs. Frank Willis, Mrs. Marvin Davis, Mrs. Melvin Herring, Mrs. C. E. Crichfield, Eugene Hardy, Mrs. N. T. Partin.

MCALLISTER HONORED AT FAREWELL SUPPER

Aubrey McAllister of Bean City was honored at a farewell supper at the home of his uncle and aunt, Mr. and Mrs. S. M. McAllister in Belle Glade last week.

Guests were Aubrey McAllister, Mr. and Mrs. A. M. McAllister, Clyde McAllister, Billy Mathis, Jr., Marlene Walker, Dorothy Yarbrough, Miss Marjorie Touchette, Willie Mae Pitts, Jimmy McAllister, Rankin Brown, Ray Caldwell, Rosalyn Farmer, Mary Lou Pitts, Faye Caldwell, Mr. and Mrs. O. M. McAllister, Martha Corden, Betty Ann Markham, Alvin Garrett, Eunice and Frances McAllister.

FREAK ACCIDENT TAKES PLACE AT VINEGAR BEND

Ira Jones, colored, resident of Okeechobee Labor Camp suffered a fractured leg in curious highway accident last week. She was walking along the highway on Vinegar Bend during a morning rain when a Sealed Milk Truck skidded on the wet slippery pavement, struck her down. She received cuts and broken right leg. The drivers of the truck which came to rest in the roadside canal were also hospitalized at the Belle Glade Hospital for bruises and shock.

PTA TO MEET MONDAY IN SCHOOL AUDITORIUM

The South Bay Parent Teachers Association will meet at the school auditorium Monday, February 5 at 8 o'clock in the evening according to announcement of Mrs. J. A. Henderson, President.

Mrs. Henderson met with her Executive Board at the school Monday evening to plan the program which will be in celebration of Founder's Day. Terry L. Driggers, program chairman announced that there

would be a speaker and special music for the occasion.

There was some discussion on the project for the year which is to make available

various classes. The project is on visual education in the various classes.

BALL TEAM DEFEATS PAHOKEE WITH 73-5

The South Bay Flying Eagles crushed the Pahokee Junior Blue Devils last Tuesday at South Bay by a score of 73 to 5.

On Friday they played the Belle Glade Juniors winning by a score of 38 to 8.

The tennis court is under construction and they are playing on a temporary grass court on the school lawn.

UPTEGROVE TRIO GIVES GOSPEL HYMN CONCERT

The Uptegrove Trio composed of Oceola, Shelley and B. B. Uptegrove of Canal Point presented a Gospel Hymn concert at the South Bay Baptist Church Friday evening.

Junior Martin accompanied their varied and unique program on the piano. Their various numbers were presented in costume.

GLADES LIVESTOCK

(Continued from Page 1)

"Miss Heroin Manso" winning reserve champion female honors, also senior reserve champion.

Partin breeding also brought top money in the sale, with young 4-H boy Steve Johnson of Kalamazoo, Mich. receiving \$2500 for his heifer, "Miss Ashbel Manso 1st," and Partin receiving \$1250 for his bull named "Emperor 8th L. 977."

Col. Bob Cooper of Sarasota was auctioneer. Sale averaged \$948—something lower than in past years when the average has gone as high as \$1035—but Leo Fugle of DeLand, president of the Eastern Brahman Association, said the sale was very satisfactory and attributed the lower average to the lack of any extremely high prices in the sale.

Louis Glibreath of Ocala, general manager of the Southeastern Fat Stock Show, said he was pleased with the sale, as well as the show, and Mank Camp of Ocala, who managed the Brahman show and sale, said he wanted everyone to come back to an Eighth Annual Show and Sale next year.

Buyer of Johnson's "Miss Ashbel Manso 1st" was Lamar Beauchamp of Polk Brahman Farms at Winter Haven, while John J. Hood of Ridgeway, South Carolina, bought the Partin top-selling bull.

The Norris and Partin herds—largest in Florida—waged a close contest down to the final judging for premier exhibitor and premier breeder honors.

With The Florida Cattleman trophy for premier exhibitor going to Norris, and the Jackson Grain Company trophy for premier breeder won by Partin.

There were plenty of other herds in the top brackets, however. W. H. Stuart of Bartow showed "Miss Ariston Imperator" to junior female, and Mrs. Pat Johnston and Son of Kissimmee showed "Riley Imperator" to senior reserve champion bull. Partin showed "Miss I. 272" to junior reserve champion female, while the Norris herds showed "Dandilion's Pahokee," was junior reserve champion bull.

Junior exhibitors competition was won by Steve Johnson of Kissimmee and Doug Partin of St. Cloud. Young Johnson showed the heifer which later topped the sale at \$2550, while Partin showed "Ashbel Manso 1st" to champion bull. Johnson also showed the reserve champion bull in the junior exhibitors' competition, "Emperor 8th L." while Harry Hammond of Bartow showed "Miss Cowella Imperator 18th" to reserve champion female.

In addition to the herds already mentioned, first prize ribbons were awarded to cattle exhibited by Eugene F. Griffin and Sons of Bartow, J. A. Bartle and Sons of San Antonio, and in the junior exhibitors' competition, Richard McRae of McIntosh.

Buyers at the sale, with number of bulls and females bought, and total spent, were as follows:

Louis Berkwith, Babson Park, one bull \$800; J. F. Townsend, Lake Wales, three bulls \$2160; John J. Hood, Ridgeway, South Carolina, one bull \$1250; M. M. Britt, Winter Garden, two bulls, one female \$3135; Goodland Gardens, Pembroke, four bulls \$2300; J. H. King, Jr., Waycross, Georgia, one female \$525; J. S. Mason, Thomasville, Georgia, one female \$525; W. C. Bount, Hinesville, Georgia, one female \$650; U. S. Sugar Corporation, Clewiston, one male \$2300; J. H. King, Jr., Waycross, Georgia, one female \$235; W. H. Stuart, Bartow, two females

\$1400; F. M. Ford, DeLand, one female \$475; O. H. Keene, Claremont, one bull \$850; Margaret D. Sebring, Arcadia, one bull \$1050; J. L. Padgett, Crescent City, three females \$1825; A. Duda and Sons, Cocoa, one female \$825.

Winners in the show, listed in order by classes, with number of entries in each class given in parentheses, were as follows:

Bulls under one year (3)—Sir Sara, Richard McRae, McIntosh; Ashbel Manso 1997, Iris Brown, Jr., Kissimmee; Sadoc Jr. 28th, Sonya Lorenz, Kissimmee;

Heifers under one year (8)—Miss Cowella Imperator 18th (Reserve Champion) Harry Hammond, Bartow; Miss Emperor, 37th Selim 317; Steve Johnson, Kissimmee; Princess Emperor 8th, Henry H. Partin, Kissimmee; Miss Emperor 18th Manso 315, Lorenz; Miss Manate Emperor, Torrey Chaires;

894, Bronson; Heifers over one year (4)—Miss Ashbel Manso 1 (Champion) Johnson; Queen Emperor 18th, 8th, Henry H. Partin; Sir Kissimmee; Emperor 8th L. (Reserve Champion) Johnson; Eugene F. Griffin 8th S. 924 (Champion) Manso, H. Clay Whaley, Jr., St. Doug Partin; Emperor 18th MR Cloud.

Bulls under one year (3)—Sir Sara, Richard McRae, McIntosh; Ashbel Manso 1997, Iris Brown, Jr., Kissimmee; Sadoc Jr. 28th, Sonya Lorenz, Kissimmee;

Heifers under one year (8)—Miss Cowella Imperator 18th (Reserve Champion) Harry Hammond, Bartow; Miss Emperor, 37th Selim 317; Steve Johnson, Kissimmee; Princess Emperor 8th, Henry H. Partin, Kissimmee; Miss Emperor 18th Manso 315, Lorenz; Miss Manate Emperor, Torrey Chaires;

894, Bronson; Heifers over one year (4)—Miss Ashbel Manso 1 (Champion) Johnson; Queen Emperor 18th, 8th, Henry H. Partin; Sir Kissimmee; Emperor 8th L. (Reserve Champion) Johnson; Eugene F. Griffin 8th S. 924 (Champion) Manso, H. Clay Whaley, Jr., St. Doug Partin; Emperor 18th MR Cloud.

Bulls under one year (3)—Sir Sara, Richard McRae, McIntosh; Ashbel Manso 1997, Iris Brown, Jr., Kissimmee; Sadoc Jr. 28th, Sonya Lorenz, Kissimmee;

Heifers under one year (8)—Miss Cowella Imperator 18th (Reserve Champion) Harry Hammond, Bartow; Miss Emperor, 37th Selim 317; Steve Johnson, Kissimmee; Princess Emperor 8th, Henry H. Partin, Kissimmee; Miss Emperor 18th Manso 315, Lorenz; Miss Manate Emperor, Torrey Chaires;

894, Bronson; Heifers over one year (4)—Miss Ashbel Manso 1 (Champion) Johnson; Queen Emperor 18th, 8th, Henry H. Partin; Sir Kissimmee; Emperor 8th L. (Reserve Champion) Johnson; Eugene F. Griffin 8th S. 924 (Champion) Manso, H. Clay Whaley, Jr., St. Doug Partin; Emperor 18th MR Cloud.

Bulls under one year (3)—Sir Sara, Richard McRae, McIntosh; Ashbel Manso 1997, Iris Brown, Jr., Kissimmee; Sadoc Jr. 28th, Sonya Lorenz, Kissimmee;

Heifers under one year (8)—Miss Cowella Imperator 18th (Reserve Champion) Harry Hammond, Bartow; Miss Emperor, 37th Selim 317; Steve Johnson, Kissimmee; Princess Emperor 8th, Henry H. Partin, Kissimmee; Miss Emperor 18th Manso 315, Lorenz; Miss Manate Emperor, Torrey Chaires;

894, Bronson; Heifers over one year (4)—Miss Ashbel Manso 1 (Champion) Johnson; Queen Emperor 18th, 8th, Henry H. Partin; Sir Kissimmee; Emperor 8th L. (Reserve Champion) Johnson; Eugene F. Griffin 8th S. 924 (Champion) Manso, H. Clay Whaley, Jr., St. Doug Partin; Emperor 18th MR Cloud.

Bulls under one year (3)—Sir Sara, Richard McRae, McIntosh; Ashbel Manso 1997, Iris Brown, Jr., Kissimmee; Sadoc Jr. 28th, Sonya Lorenz, Kissimmee;

Heifers under one year (8)—Miss Cowella Imperator 18th (Reserve Champion) Harry Hammond, Bartow; Miss Emperor, 37th Selim 317; Steve Johnson, Kissimmee; Princess Emperor 8th, Henry H. Partin, Kissimmee; Miss Emperor 18th Manso 315, Lorenz; Miss Manate Emperor, Torrey Chaires;

894, Bronson; Heifers over one year (4)—Miss Ashbel Manso 1 (Champion) Johnson; Queen Emperor 18th, 8th, Henry H. Partin; Sir Kissimmee; Emperor 8th L. (Reserve Champion) Johnson; Eugene F. Griffin 8th S. 924 (Champion) Manso, H. Clay Whaley, Jr., St. Doug Partin; Emperor 18th MR Cloud.

Bulls under one year (3)—Sir Sara, Richard McRae, McIntosh; Ashbel Manso 1997, Iris Brown, Jr., Kissimmee; Sadoc Jr. 28th, Sonya Lorenz, Kissimmee;

Heifers under one year (8)—Miss Cowella Imperator 18th (Reserve Champion) Harry Hammond, Bartow; Miss Emperor, 37th Selim 317; Steve Johnson, Kissimmee; Princess Emperor 8th, Henry H. Partin, Kissimmee; Miss Emperor 18th Manso 315, Lorenz; Miss Manate Emperor, Torrey Chaires;

Built in 5 Years in Florida...

A 'Main Street' of Telephone Buildings

TELEPHONE facilities require lots of building space. If all the buildings built by Southern Bell in Florida since 1945 were placed together they would form a "Main Street" for a good-sized town. There would be 30 completely new buildings and 23 additions to existing buildings.

And the number of new telephones made possible by these buildings and the millions of dollars of equipment put into them would be more than enough to serve another city the size of Miami.

In the last five years Southern Bell has nearly doubled the number of telephones in

Florida—more than tripled rural telephones—increased long distance circuits 38%—converted thousands of telephones to dial operation and improved the service in many other ways. And to do those things we had to build 500,000,000 of new facilities. That's nearly twice as much as we had invested in Florida five years ago.

And we must go on building in order to meet the continuing heavy demand for telephone service. That makes it important for Florida to have a financially healthy Telephone Company.

THE AMERICAN CROCODILE OF FLORIDA

There are many species of crocodiles, distributed throughout the tropics of the world. One of these, the American crocodile, lives in South Florida. It is confined mainly to brackish and salt water areas in the region between Cape Sable and the Keys. The American crocodile is a light-colored reptile with dark markings that obscure with age. Its snout is long and tapering. These characters distinguish it from the American alligator, a dark reptile with a relatively short, blunt snout. Although slenderer and somewhat smaller than the alligator, the crocodile is much more active and more aggressive in captivity. In the wild, however, this crocodile is very timid. One old specimen at the Reptile Institute measures 13 feet 8 inches.

VETERANS INFORMATION

By Melvin T. Dixon
State Service Officer

Since the Florida Department of Veterans Affairs is primarily a service agency, we are pleased to call attention to the tremendous increase in the number of contacts, claims handled, and awards granted over the previous year. We attribute this mainly to grass-roots publicity, also to our continuing training program of all members of the Department, which is necessary due to a continuous change in the laws, rules and regulations affecting the veteran.

Florida's veteran population has increased to well over 300,000. This State has had a great influx of veterans from other states who, at one time or another during the war

years, were stationed in Florida, and now have returned to our State and are residing here as citizens.

We are fully aware of the many problems facing our veterans. It is obvious to those engaged in veterans service work, that the Federal agencies, whose duties are to administer the law, cannot give the additional services needed in order that all eligible veterans and their dependents may be advised of the benefits to which they may be entitled. Our veterans and their dependents should receive every assistance possible in applying for and securing such benefits.

There are more than 1,200 pages of laws, which Congress has seen fit to enact in behalf of the veterans and their

dependents. Interpretation of these laws is covered in some twelve volumes of rules and regulations. How can the veteran, without an adequate service setup to assist him, receive his just entitlement, which in every instance is the answer to becoming a working member of our society?

Through the Florida Department of Veterans Affairs, the State of Florida has sought to express its gratitude to those who have served in wartime in the armed forces of the nation.

Veterans constitute approximately one-sixth of Florida's population. To a considerable degree the welfare of our veterans, the extent to which they have been assisted to take their rightful place as a solid core of effective citizenship, will measure the true progress of our State.

History has often recorded a regrettable tendency for the memory of sacrifices to become progressively dimmer with the years. We must not let this happen in the case of Florida's veterans. Our debt to them, particularly to those disabled by their war service, is a huge one.

It is my sincere hope that this type of service may be continued and improved in every way possible, to make certain Florida's veterans and their dependents, through such services and assistance, will not be a burden but a member of our working independent society.

FARM LABOR SHORTAGE

LOOKS, SAY FFLA COMM.

Close cooperation between Florida farm employers and the Florida State Employment Service will be necessary if periodic labor shortages are to be averted. Selective service, defense installations and industries have been drawing labor from the farm, and careful planning will be necessary to assure that the present supply of farm labor is most efficiently used, several speakers brought out at a meeting of the Florida Farm Labor Advisory Committee in Orlando recently.

Dr. J. S. Hathaway, Director, Florida State Employment Service; R. W. Robnett, Farm Placement Supervisor, FFLA; Willis Sloan, Regional Farm Placement Chief, U. S. Employment Service, Atlanta, and field personnel of the Service were in attendance and reported on the supply and demand situation.

Members of the Committee heard a report from their chairman, LaMonte Graw Manager of the Florida Fruit and Vegetable Association, on the recent meeting of the Special

Farm Labor Committee, advisory to U. S. Employment Service. Graw said that strong pressure had been exerted, principally by a group of western producers to induce the federal government to sponsor a farm labor program under which the government would recruit, transport and place workers at public expense. The Florida committee unanimously approved the stand Graw had taken in opposition to this program, and urged that there be no federal man power controls imposed on farm labor, unless an "all-out" emergency indicated it was the only alternative.

"We do not believe a federal program will provide one more farm worker," said Dixon Pearce, Dade county tomato grower. "I do not think any man should be compelled to work for us or anyone else if he doesn't want to, on other hand indiscriminate recruiting should be curbed."

Fred Sikes, committee member for the Florida sugar industry, commented the Farm Placement Service and FFLS for their work in the past, and said he was confident that they, working closely with agricultural groups, could meet the needs, if present employment service facilities can be expanded.

A resolution urging that the Farm Placement Service be placed on a parity with industrial placement at all levels was unanimously adopted. Food production is essential during the defense effort, and pirating of farm labor should be discouraged as a waste of manpower. J. B. Pratt, Tavares, citrus member, stated.

H. G. Clayton, Florida Agricultural Extension Service director, pointed out that farm labor problems were handled during World War II by the Florida Defense Council, later dissolved, and that this responsibility would likely fall on this Committee in future emergencies.

Committee members attending, in addition to Pearce, Sikes, Pratt, Graw and Clayton were J. B. Bynum, Titusville; Leslie Bryan, Orlando; W. W. Sample, Foley; and J. C. Townsend Jr., federal-state crop statistician, Orlando.

MARKETING SPECIALIST

OFFERS SUGGESTIONS TO INCREASE FARM INCOME

Take advantage of Florida's climate and plant for year-round instead of highly seasonal production for market.

This suggestion, in answer to requests from Florida farm families, is made by Mrs. Gladys Kendall, home industries and marketing specialist with the University of Florida Agricultural Extension Service at Tallahassee.

"Many farm families want to increase their cash incomes to maintain their present standard of living," the extension worker reports. "They have asked for help in producing more marketable products at home, in obtaining better markets for products already produced, and in acquiring a better knowledge of all consumer problems in order to use their income wisely."

While the average farm income for 1950 was an increase, the good showing has been confined largely to cattle and citrus growers. The specialist says other farmers often made less income than their cost of production.

Mrs. Kendall has several other suggestions on how to increase or stretch the family income.

1. Use improved methods in production, distribution and marketing of farm and home products.

2. Use wisely all available resources of the farm, home and community.

3. Increase in skills necessary to produce and market quality products.

4. Produce standardized quality products for prices that consumers can and will pay.

5. Develop new home industries that will supply a repeat demand.

6. Secure additional markets—especially locally.

7. Practice thrift and good management in all phases of farm and home living.

8. Be better informed on all marketing and consumer problems.

9. Use foods and other commodities that are locally produced and in abundance.

10. Promote money-making and money management activities for children.

11. Develop hobbies that will make profitable use of leisure time, especially for older members of the family.

She says extension workers plan increased activities with both rural and urban families to help solve problems arising from the current situation.

Roughly 60 per cent of Florida is woodlands.

ERA OF OPEN RANGE AND NONDESCRIPT CATTLE IS NOW ENDING IN FLORIDA

The open range and nondescript cattle are rapidly disappearing from Florida. An era which lasted for 400 years is coming to an end.

The state's cattlemen now have 1,147,800 acres of improved pasture and 9,682,800 acres are under fence. The cattle grazing behind thousands of miles of wire today are frequently herds of purebred, grade or improved stock. The development has been obvious for the past 15 years. The figures were compiled recently by Daniel E. Allegor, associate economist with the University of Florida Agricultural Experiment Station. His survey was conducted among county agents, with the cooperation of Director H. G. Clayton of the Agricultural Extension Service.

The native cattle are a heritage of early Spanish imports. They have been able to survive through the centuries under adverse conditions—poor grazing, blood-sucking ticks, salt sick disease and other troubles.

But the tick has been eradicated; Experiment Station workers found the cause of salt sick and the remedy—a mineral mixture containing iron and cobalt, in addition to phosphate or ground marble and salt; new and better grasses have been introduced and the value of pasture fertilization has been shown; advent of the screw worm fly 16 years ago made it necessary to give the cattle closer attention, and this made it desirable to have fences and better cattle; and the 1949 State Legislature passed the cattle fencing law, which became effective July 1, 1950.

Florida has a long growing season, and there is a wide variety of pasture and forage plants adapted to conditions here. These have been outstanding facts that have helped the development of better pastures in the state. New and better pasture plants have been introduced to the state during the last 10 or 15 years, and still others are under study.

Floridians Got

THOUSANDS MORE TELEPHONES IN 1950

1950 was another big telephone year in Florida. Southern Bell installed 116,378 telephones... enough to serve another city the size of Jacksonville, Orlando and Pensacola combined.

The big job, however, was making new telephone possible by constructing and enlarging buildings, installing central office equipment, building lines and stringing wire and cable. In all, we spent \$21,000,000 last year to expand and improve Florida's telephone service.

Today Florida has twice as many telephones as were in service at the end of World War II... twice as many long distance circuits... three times as many rural telephones. That's mighty important right now as the nation mobilizes for defense.

In the days ahead, Southern Bell can be counted on to do its full part in defense—in Florida and throughout the South.

A. B. Doolley
Florida Manager

SOUTHERN BELL TELEPHONE AND

Where Money to Expand and Improve Service Comes from

It doesn't come from the money you pay us for telephone service... that money goes to pay wages, taxes and other operating costs. The money to build new facilities must come from people with money to invest. That's why the future of telephone service depends on the Company's ability to pay for the use of the money invested in telephone facilities.

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, costs 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Spring of stout spiraled steel on all four wheels let your wheels cursey over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, woefully lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflo Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady ride of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you.

However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.

Better see your Buick dealer—soon.

Standard equipment, accessories and extra features are subject to change without notice.

No other car provides all this:
DYNAFLO DRIVE • FIREBALL POWER
4-WHEEL COIL SPRING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE SEATING
BODY BY FISHER
Standard on Roadmaster, optional on other Buicks
WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM
